The Rideau Valley Conservation Foundation (RVCF) is a registered environmental charity that raises funds and accepts gifts to support conservation in the Rideau River watershed. This community conservation work is made possible because of the many generous and conservation-minded people and businesses in and outside the watershed of the Rideau River.

Charles Billington, RVCF Executive Director

MEMBERSHIP DIRECTORY 2011

Rideau Valley Conservation Authority

RVCA is one of Ontario's 36 Conservation Authorities. We are a community based environmental protection agency that works closely with municipal, provincial and federal government partners, landowners and community groups to maintain and improve the natural resources in the Rideau watershed. The RVCA promotes an integrated watershed approach — one that balances human, environmental and economic needs. Our success is based on local initiative, watershed jurisdiction and partnerships in resource management.

Mission

To be the best source of reliable information, experienced advice and cost-effective services in water and related land conservation delivered to individuals, families, businesses and government decision makers at all levels within the Rideau Valley watershed.

Vision

Our vision for the future is a healthy watershed.
