

Summer Student Opportunities

DAY CAMP COUNSELLOR

You will work at the Baxter Conservation Area located just south of Kars.

There is no public transportation to the worksite; candidates should ensure they have reliable transportation prior to applying.

Work schedule is 35 hours a week, Monday through Friday, JUNE THROUGH JULY

The Rideau Valley Conservation Authority is the lead inter-municipal agency working to address river-related environmental issues and concerns within the Rideau Valley watershed. It's our job to make sure that the water is looked after by everyone in today's society so that tomorrow's generations inherit a clean, healthy, functioning watershed. We also provide residents with close-to-home natural areas and programs that are accessible and affordable. We currently own and maintain a network of nine Conservation Areas and an additional 4,500 acres of environmental land.

You will assist with the planning, delivery and evaluation of day camp programs for school-age students. You will also assist with light cleaning and maintenance.

As the ideal candidate, you are a **post-secondary student** specializing in environmental studies, natural science, outdoor recreation or a related program. You have Emergency Level First Aid and as an asset, you have your lifeguard certification (Bronze Cross). You also have previous experience working with children in an educational or recreational setting. You must have a valid G2 or better driver's license and a clean driving record. The successful candidate will be required to provide an affirmative "Police Records Check".

If you enjoy working in the great outdoors and have an enthusiastic attitude towards working with children; if you have a strong commitment to the environment and the protection of land and water resources, please send us your resume before February 6, 2012.
