

Summer Student Opportunities

OUTDOOR EDUCATION INTERPRETER

You will work at the Foley Mountain Conservation Area located in Westport.

There is no public transportation to the worksite; candidates should ensure they have reliable transportation prior to applying.

Work schedule in May and June: Monday through Friday (35 hours)

July and August: Tuesday through Saturday (35 hours)

The Rideau Valley Conservation Authority is the lead inter-municipal agency working to address river-related environmental issues and concerns within the Rideau Valley watershed. It's our job to make sure that the water is looked after by everyone in today's society so that tomorrow's generations inherit a clean, healthy, functioning watershed. We also provide residents with close-to-home natural areas and programs that are accessible and affordable. We currently own and maintain a network of nine Conservation Areas and an additional 4,500 acres of environmental land.

You will assist the Foley Mountain Conservation Area Supervisor with the planning, delivery and evaluation of outdoor environmental education programs for school-age students (primarily elementary) and park visitors (family programs and day camps). You'll also act as the resource person in the interpretative centre and assist in visitor's services tasks such as selling park passes and maintaining park facilities.

As the ideal candidate, you are a **post-secondary student** specializing in biology, natural science, teaching, outdoor recreation or a related program with previous experience working with children in an educational or recreational setting. Preference will be given to students who are returning to school full-time in the fall (please make this clear in your application). You must have a valid G2 or better driver's license and a clean driving record. The successful candidate will be required to provide an affirmative "Police Records Check".

If you enjoy working in the great outdoors and have an enthusiastic attitude towards working with children; if you have a strong commitment to the environment and the protection of land and water resources, please send us your resume before February 6, 2012.
